In accordance with the will of the late Samuel C. Eborn, the Subscribers offer for Sale that Large and ON TUESDAY, THE 25TH DAY OF NOVEMBER 1856, will be sold at the late residence of John H. Bar Valuable Farm, situated in the lower part of Beaufort County, on which said deceased lived and died. It is well known as the former residence of Hon. Henry S. Clark, and as one of the finest Farms in the State. It contains EIGHT HUN-DRED ACRES OF LAND, Five Hunored Acres of which are Cleared and in good farmer-like order. Of the Cleared Land, about One Hundred Acres are what is denominated good Upland, suitable to Cotton, Ground Peas and Cow Peas, Sweet and Irish Potatoes, Turnips and Root Crops in general, Wheat, Oats, Beans, Horticulture and Fruit. emaining Four Hundred Acres of Cleared Land is rich Swamp Land, well drained, recently cleared, and under a fine state of cultivation. There is no better Corn Land in the State, and it is easily cultivated. We believe that in natural fertility of soil, durability, and in number of bushels of grain produced by the acre, this land will not suffer in comparison with any in the State. The splendid crop now upon it justifies, in our opinion, this assertion. The overseer believes I AM STATIONED AT MAXWELL'S DEPOT, that the present crop of corn on the swamp land will yield, 27 Miles from Wilmington, on the Wilmington and when gathered, from fifteen hundred to two thousand bar-Manchester Railroad, with a pack of first-rate Track rels. Of the Uncleared Land, most of it is rich Swamp, as Dogs, and will attend to calls promptly, when not good as that which is cleared, with a heavy swamp growth otherwise engaged, any distance near the Railroads. This system, so steadily and ingeniously persevered in by the know-nothing journals, reminds us of a story we once heard in Arkansas. There was a fellow, in a certain neighborhood in that State, who were a good many cases of the mysterious disappearance of choice mutton from the flocks of the planters, which were traced to his door; but being a very wiley and ingenious chap, he generally succeeded in proving an alibi, or some other defence, which reduced the charge to a mere suspicion. At last, however, a planter, who was riding through the woods, perceived the suspected sheep-thief steal from the woods, and, after looking around to see that no one was near, walk up to a flock of sheep and deliberately knock over the largest and fattest. At this moment the planter rode up, and, confronting the thief, exclaimed:

"Now, sir, I have got you! You can't get off; you are caught in the act. "What act?" indignantly inquired the thief. "Sheep-stealing," was the confident response. "Sir, you had better mind how you charge a respectable American citizen with such a crime as
